All students are requested to bring all necessary documents. Selected candidates will be considered for allotment of suitable guides at suitable center after a detail presentation on another day.

Only those guides will be considered who give updated profile of their research students currently under their guidance in the prescribed template as on 23.03.2017.

Only those centers (or Department) will be considered for which the head (or HoD) gives the detailed list of all research students currently doing research in that center and their guides as on 23.03.2017.
